PROFESSIONAL EXPERIENCE

DBaaSNow | Early-Stage B2B SaaS platform

Growth & Strategy Manager

December 2023 – Present

- Grew impressions 118% and reactions 162% in six weeks by building the company's first marketing strategy, managing an intern, and running content experiments to identify what landed with target buyers
- Redirected company strategy after diagnosing why a \$68.6M market had produced zero customers, mapping adoption barriers across nine competitors and delivering a 5-year plan that C-suite adopted and now uses to run pitch and demo calls
- Generated 500+ leads by building the CRM from scratch, designing the outreach sequences, managing direct reports, and testing to find which messages moved prospects down the funnel
- Drove 150%+ growth in product engagement by pinpointing where prospects dropped out of the funnel, redesigning, and streamlining the customer acquisition workflow end-to-end with a cross-functional team across five countries

General Motors

District Sales Manager – UT/AZ/WY; Wichita; Little Rock

July 2021 – November 2023

- Improved district ranking from 136th to 66th out of 185 nationally by diagnosing why 48 franchised dealerships across three districts were underperforming and running targeted interventions using sales, market share, and operations data
- Drove 20% revenue growth and 9% margin growth by developing and presenting findings to 50+ dealer principals and corporate leaders and converting performance analyses into plans they executed
- Built a performance tracking framework across three geographic markets, assessing regional demand and competitive dynamics to produce go-to-market recommendations that grew dealer market share 5% and annual vehicle sales 12%

CONSULTING ENGAGEMENTS

Process Optimization & Cost Reduction Consultant | Wayfair

January – May 2026

- Discovered a projected \$1.8M cost-savings opportunity by isolating operational friction across 13 nodes of Wayfair's small-parcel returns network, building scenario models, and developing an implementation roadmap presented to senior stakeholders
- Led a cross-functional team of four through competing priorities and ambiguous problem framing, transforming operational data into executive-ready recommendations that aligned finance and operations departments before reaching senior stakeholders

Strategy & Market Research Consultant | Wise Street Capital | Early-Stage Fintech Venture

May – August 2025

- Translated a \$24B unclaimed retirement benefits market into an investor-ready pitch by conducting market sizing, customer segmentation, and competitive benchmarking for 20+ firms, synthesizing findings into organized recommendations for the CEO

Market Entry & Strategy Consultant | Pine Point Medical | Local Healthcare Clinic

June – August 2025

- Quantified a \$1.3M profit opportunity at 86.7% margin by building a bottom-up financial model across patient segmentation, competitive positioning, and cross-sell workflows, shaping the findings into a growth strategy the clinic adopted
- Identified a \$200K annual revenue opportunity in the DEXA scan market by benchmarking 10+ providers, developing a pricing strategy, and building a commercialization plan that drove a 20% increase in bookings

Donor Strategy & Revenue Optimization Consultant | Ithaca Health Alliance

August 2024 – May 2025

- Conducted end-to-end research and analysis of \$500K+ in annual donations across 370+ donors, modeling retention rates, revenue concentration, and reactivation opportunities into structured guidance presented directly to the Board of Directors
- Surfaced a revenue concentration risk the organization had not previously quantified, delivering financial guidance the board carried into its long-term growth planning

Go-to-Market Strategy & Consumer Segmentation Analyst | Hershey

October 2024 – November 2024

- Validated a convenience-store channel and target consumer for a new product launch by building a go-to-market strategy through consumer segmentation, primary research, and pricing analysis that achieved 71% purchase intent
